Essay

This section of the application gives you the opportunity to demonstrate your particular interest in the Study of the United States Institute for Secondary School Educators program. How would your participation benefit you professionally, and what would be the potential impact on your home institution? (one to two pages maximum)

Please submit two original letters of recommendation in French or English. "To whom it may concern" letters, which tend to be very general, are not desirable. These letters should demonstrate why participation in this particular program would be beneficial to the candidate and/or to the home institution. One of the letters of recommendation should come from your head master or from your inspecteur pédagogique régional (IPR). Letters should be addressed to the attention of the Head of the American Section and sent before January 17, 2009, either by regular mail or e-mail (atondou@fulbright-france.org).

List the names, titles, and contact information (address, phone, fax, and e-mail address) of each person you have asked to write letters of recommendation:
